My name is Johan Björnfot (@Madebyjohanb) and I live in Sweden. I've been crocheting for most of my adult life and in recent years I've also designed my own patterns. During this time I've had the privilege to collaborate with both Swedish and UK based brands and magazines.
Crocheting allows me to be creative and make beautiful things with just yarn and a crochet hook, which is amazing. Yarn is an incredibly versatile material that you can shape based on your imagination, and it gives you full control over colour and texture.
My ambition is to create beautiful and stylish designs. I prefer to use basic crochet stitches in different combinations in my patterns to create an interesting look without being too difficult to crochet. Happy crocheting!
